Commission Has Much Power,

It is the belief of the commission that violations of the law, such as discriminations against individuals and communities. Under the interstate commerce act, as amended last winter, the commission has authority to examine all books and records of railroad companies. Formerly it was limited to a search for single items. Under the changed order of things it may scrutinize every entry and every record in the books of the carriers. This publicity feature will greatly aid the commission in the series of investigations orient, and explained why Christianity but since that time had been a faithful worker until his wife was taken ill, upon which it is about to embark.

French Paper Comments on Selection by Academy of Fine Arts. Paris, Dec. 9.-The election of Baron Ed-

ond de Rothschild to the Academy of Fine Arts, defeating M. Mounet Sully, is generally pleasantly commented upon, he being a well-known collector and art patron, but the Libre Parole takes a fling a him and the academy It says that when the time comes it i

always the richest who are elected. This fraternity is a mere vain word.
